[(tentative name) Bangchan project]

[(tentative name) Bangpu project]

For illustrative purposes only

- [(tentative name) Charoen Nakorn 2 project] is a condominium project with a total of approximately 710 units. This project is located close to the center of Bangkok and is approximately 15 minutes away by car or motorcycle from Bangkok's premier business district, Silom/Sathorn. In addition, the project is surrounded by commercial facilities and hospitals, which is expected to generate demand for housing for these workers.
- [(tentative name) Samrong project] is a condominium project with a total of approximately 1,450 units. This project is located in southeast of central Bangkok and is approximately 20 minutes away by train from the nearest railway station to central Bangkok. In addition, as this project is surrounded by commercial facilities and hospitals, the housing demand for these workers is expected.
- [(tentative name) Bangchan project] is a condominium project with a total of approximately 900 units. This project is located in northeast of central Bangkok and is approximately a 40-minute drive by car from central Bangkok. In addition, as this project is located near the Ban Chang Industrial Estate, the demand for housing for these workers is expected.
- [(tentative name) Bangpu project] is a townhouse project with a total of approximately 180 units. This project is located in southeast of central Bangkok and is approximately a 50-minute drive by car from central Bangkok. In addition, as this project is located near the Bang Phu Industrial Estate, the demand for housing for these workers is expected.

*Townhouse: terraced house. In Thailand, 2-3 storey is common.

Together with the 4 projects stated above, our Company's total number of residential projects in Thailand will be 34 (approx. 28,040 units), and the total number of overseas residential projects will be 49 (approx. 50,120 units).
